Increase in AIDS patients

†368. SHRI P.K. MAHESHWARI: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether Government's attention has been drawn to continuously increasing number of patients suffering from AIDS in the country;

(b) if so, the number of patients suffering from AIDS in each State of the country;

(c) the reaction of Government thereto;

(d) whether the number of patients suffering from AIDS increased in the country during last three years; and

(e) the steps being taken by Government to check the increasing number of AIDS patients?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI A. RAJA): (a) Yes, Sir.

(b) A statement is attached (*See* below).

(c) to (e) As it is evident from the statement attached, there has been increase in the number of AIDS patients. However, to check this increase, Government has launched a comprehensive AIDS prevention and control programme, which is a 100% centrally sponsored scheme being implemented in all States / UTs through States / UTs AIDS Control Societies. The main components consist of:

Reducing the spread of HIV in groups at high risk by identification of target populations and providing peer counselling, condom promotion, and treatment of sexually transmitted infections.

Preventive intervention for the general population by Information, Education and Communications (IEC) and awareness campaign, provision of voluntary testing and counselling, safe blood transfusion services and prevnetion of occupational exposure.

Providing financial assistance for opportunistic infections, home and community based care.

†Original notice of the question was received in Hindi.

Strengthening effectiveness and technical, managerial, financial sustainability at National, State and Municipal levels.

Promoting collaboration amongst public, private and voluntary sectors.
